Objective

I am looking for a position with a stable company that can offer me job security in return for my dedication to the company and excellent work ethic. I also seek competitive compensation to satisfy my high performance. I'm comfortable working in strenuous environments and dangerous work zones.

Work Experience

BLITH/LINDON INDUSTRIES, OPERATOR/FLAGGER SAN ANGELO TX
November, 2008 - February, 2010

Provide assistance to craft workers, such as carpenters, plasterers, and masons. Tend pumps, compressors, and generators to provide power for tools, machinery, and equipment, or to heat and move materials such as asphalt. Spray materials such as water, sand, steam, vinyl, paint, or stucco through hoses to clean, coat, or seal surfaces. Clean and prepare construction sites to eliminate possible hazards. Control traffic passing near, in, and around work zones. Dig ditches or trenches, backfill excavations, and compact and level earth to grade specifications, using picks, shovels, pneumatic tampers, and rakes. Measure, mark, and record openings and distances to lay out areas where construction work will be performed. Lubricate, clean, and repair machinery, equipment, and tools. Operate jackhammers and drills to break up concrete or pavement. inspect, clean, maintain, or report malfunctions to supervisors. Raze buildings and salvage useful materials. Install sewer, water, and storm drain pipes using machinery.

PEAR AND SONS' CONCRETE AND ASPHALT LABORER/FLAGGER SAN ANGELO TX
August, 2008 - November, 2008

Provide assistance to craft workers, such as carpenters, plasterers, and masons. Mop, brush, or spread paints, cleaning solutions, or other compounds over surfaces to clean them or to provide protection. Shovel cement and other materials into portable cement mixers; and mix, pour, and spread concrete. Mix ingredients to create compounds for covering or cleaning surfaces. Clean and prepare construction sites to eliminate possible hazards. Control traffic passing near, in, and around work zones. Dig ditches or trenches, backfill excavations, and compact and level earth to grade specifications, using picks, shovels, pneumatic tampers, and rakes. Load, unload, and identify building materials, machinery, and tools, and distribute them to the appropriate locations, according to project plans and specifications. Erect and disassemble scaffolding, shoring, braces, traffic barricades, ramps, and other temporary structures. Lubricate, clean, and repair machinery, equipment, and tools. Operate jackhammers and drills to break up concrete or pavement. Operate oil distributors, loaders, chip spreaders, dump trucks, and snow plows. Operate tamping machines on surfaces to compact earth fills and worked in timely manner. Position, join, align, and seal structural components, such as concrete wall sections and pipes. Clean and prepare construction sites to eliminate possible hazards. Signal equipment operators to facilitate alignment, movement, and adjustment of machinery, equipment, and materials. Dig ditches or trenches, backfill excavations, and compact and level earth to grade specifications, using picks, and pneumatic tampers.
